Perennials, Bulbs, Peonies, Lilies, Shrubs, Rock Plants, Roses, Vines, for Fall Planting

THE KRIDER NURSERIES, Inc., Middlebury, Indiana

ILLUSTRATED CATALOG OF FRUIT TREES, EVERGREENS AND SHRUBS SENT ON REQUEST
Krider's Northern Grown Roses

Plant Roses This Fall!

Rose bushes planted this Fall will become well established before Winter sets in; and next year will see them better developed and bearing a greater abundance of well formed blooms than those plants set out next Spring.

This advantage is accompanied with very little risk, providing the following simple directions are followed. In Fall, just before cold weather sets in and frost enters the ground, mound the soil around the branches of the plant at least ten inches high and cover with a little straw or some other loose litter. This will prevent the wind and sun from drying the branches during the Winter.

American Beauty. An everblooming Hybrid Perpetual. The flowers are very large, of beautiful form and very double; color a deep, rich rose. 50c each.

Betty. Glossy coppery rose, overspread with golden yellow. Each, 75c.

Bridesmaid. Clear, bright pink; a constant bloomer; Bridesmaid. 50c each.

Frau Karl Druschki. Snow-white, very large, perfect form. A vigorous grower and free bloomer. Bright, heavy foliage. 50c each.

General Jacqueminot. Bright crimson; perfect scented blooms. Very much perfumed and very handsome and brilliant in the bud. 50c each.

Gruss an Teplitz. Flowers dark, rich crimson, passing to fiery red as they mature; one of the brightest colored Roses; large, full and sweet; vigorous grower and very hardy. 50c each.

Kitty. Very free blooming, pearl-metal, in creamy white. 50c each.

Maman Cochet. (Cochet, 1893). This is the famous Pink Cochet. Light pink, shaded with salmon-yellow, outer petal splashed with bright rose; extremely large and full. Each, 50c.

Lady Hillington. Another very fine Rose, needs some protection in the north, but on account of its great beauty is well worth special care. Flowers are deep, apricot-yellow, with long, pointed buds and stems of good length. 50c each.

Paul Neyron. The largest Rose in cultivation. Sometimes called the Peony Rose. Color light smoky rose; flowers are very double and full, delightfully fragrant. The plant makes a strong, healthy growth and has clean, glossy foliage. Blooms very good from June until late October. 30c each.

Radiance (Cook, 1909). A brilliant bronze-peach color, displaying rich and opaline-pink tints in the open flower. 50c each.

Soleil d'Or (Sun of Gold). A strong, hardy Rose; large, full and double; golden-orange-yellow tinged with red and rosy-pink; a magnificently beautiful Rose. 50c each.

Sunburst. Magnificent, giant yellow Rose, suffused with orange-copper, all intense shades, giving an extremely brilliant effect. Buds long and pointed on long stout stems, opening full and double. 75c each.

Climbing American Beauty. Flowers of beautiful form, of rich, red color. Evidently one of the handsomest. Each, 35c; 2-yr., 35c.

Dorothy Perkins. Beautiful shell-pink, which holds for a long time, shading to a lovely deep rose. Very sweetly scented, hardy and a strong grower. 2-yr., 35c.

Excelsa or Red Dorothy Perkins. Intense crimson-scarlet. Double flowers in brilliant clusters set in glossy green foliage. Extremely vigorous and one of the handsomest. 2-yr., 35c.

Paul's Scarlet Climber. An entirely new variety, combining vigorous growth, wonderful foliage and absolute hardiness, together with flowers almost as large as those produced on bush Roses; in color a brilliant scarlet which lasts well. 2-yr., 35c.

Flower of Fairfield (Everblooming Climbing Ram-bler). Brilliant common flowers almost continually in brilliant clusters from early Summer until frost. 2-yr., 35c.

Crimson Rambler. One of the most popular of climbers. A rapid grower and perfectly hardy! flowers in rich clusters of vivid crimson. Year plants will attain a height of 10 to 20 ft. in a single season and the second year they will produce a marvellous profusion of their rich glowing crimson flowers. 2-yr., 35c.

Charming Climbers for Every Situation

ONCE PLANTED, LASTS ALWAYS

Without climbing vines many homes would lack much of their beauty. Then it follows that many homes are still dull and unattractive can be made beautiful from early Spring, when the Aristolochia has thrown out its handsome and brilliant in the bud.

Amelopsis (Boston Ivy). Clings to any wall, wood, stone or brick, no matter how hard or smooth. The leaves change in Fall to a vivid autumnal tinge. Each, 30c; 3 for 75c.

Aristolochia (Devil's Pipe). The brownish pipe-shaped flowers are very interesting but the heart-shaped leaves of great size are the most important features, as they quickly furnish the most complete leaf screen of any cultivated vine. Grow in sun or shade but prefer northern exposure. One-year unless eaten by the birds. Each, 20c; 6 for $1.00.

Bittersweet (Celastrus Scandens). A tall vine, making a vine; yellow flowers in early Summer produce bright orange-coral berries which remain on the stems all Winter unless eaten by the birds. Sun or shade. Each, 50c; 2 for $1.25.

Clematis, Paniculata (White Flower). 2 years. Each, 50c; 1 for $1.25.

Clematis, Jackmanii (Blue Flower). 2 years. Each, 50c; 1 for $1.25.

Clematis, Punctata (White Flower). 2 years. Each, 50c; 1 for $1.25.

German Vines. (Blue Flower). 2 years. Each, 75c; 3 for $2.00.

Chinese Wisteria. Purple flowers are borne in large drooping clusters. Grows to great length and dense foliage. Each, 35c; 2 for 75c.

Matrimony Vine. Flowers from June to September. Pink to purple, very fine for trellises and fences. Each, 35c; 3 for $1.00.

Coral Honeysuckle (or Trumpet Honeysuckle). One of the finest of all the Honeysuckles, it grows to full length and the second year they will produce a marvellous profusion of their rich glowing crimson flowers. 2-yr., 35c.

Krider's Hardy Perennial Plants

PLANTED IN THE FALL WILL BLOOM NEXT SEASON

With the plants offered in this list the most beautiful and interesting permanent gardens may be made—Gardens that increase in beauty each year, and because of the multiplications of the plants, larger gardens, or other gardens can be made from a small beginning. Selections can be made so that you will have flowers from frost to frost.

Prices unless otherwise given: One, 20c; 6 for $1.00; doz. (may be of one or more kinds, but not less than 3 of a kind), $1.75; per 100, $12.00. The Prices quoted include delivery.

Achillea. Easily grown in any good garden soil, sunny location; 2-3 ft., and a mass of double white flowers during several months. 

Aquilegia (Columbine). All colors, fine for border and rock garden. Excellent cut flower. Two feet high. Blooms June to October. Double and Single.

Blue Butterfly (Delphinium Chinese). This is one of the most satisfactory and beautiful flowers. A bushy plant 2 feet high covered with graceful sprays of blue, butterfly-like flowers from bottom to top. Plant is perfectly hardy and will come up year after year larger than before.

Bleeding Heart. An old-fashioned favorite. Its long racemes of graceful, heart-shaped flowers are very attractive. It is perfectly hardy and does well even when planted in shade. Each, 25c; 3 for $1.00.

Chrysanthemums (Hardy October Rose). The development of the Hardy Chrysanthemum has made it possible to have color, life and beauty in the garden when the other hardy plants have passed. Autumn Glow, rose-red; Excelex, orange-yellow; Old Homestead, buff-pink; Snowclad, white; Eva, pink.

Coreopsis (Tickseed). The flowers are a rich golden yellow of slender, graceful form. 2 ft. high. Each, 50c; 3 for $1.50.

Daisy, Shasta. Bears a great profusion of large white flowers from early Summer until late in the Fall.

Delphinium (Larkspur). It is almost impossible to convey anything like an adequate description of the improved Delphiniums. Their greatest charm lies in the wonderful staleness of growth, and the rich colors and tints of their striking flowers. Belladonna, sky-blue flowers; Bellmosum, deep blue.

Dianthus Plumarius. Low growing, sweet scented, early blooming. Should be planted in quantities in beds or borders.

Gaillardia. The most glorious of our true "Old-Fashioned Flowers." Flowering constantly from June till October in many rich, brilliant colors.

Gypsophila (Baby's Breath). Masses of minute flowers produced throughout the Summer, very fine for cutting and drying. Paniculata Grandiflora, pure white.

Hemerocallis. Lily-like flowers with very ornamental foliage, color pure yellow. Three feet high. Blooms July-August.

Hollybocks. A most desirable plant, 4 to 6 feet. July, August. Separate colors. Double Red, Rose, Maroon, Yellow, Single Red, Rose, Maroon, Yellow, Allegheny. Colors seldom less than 5 inches across and fringed, constant bloomers. Each, 30c; 4 for $1.00; doz., $2.50.

Lupines. Few American flower lovers realize the beauty and value of the perennial Lupines. They bloom profusely from June to August with long graceful flower spikes. Excellent for cutting. Easily grown.

Marvel Mallow. This wonderful perennial grows 5 to 7 ft. high in a big bush several feet around base and top 5 to 6 ft. across. Loaded with giant flowers, red, pink or white, in August and September. How large are the flowers? Take a full size dinner plate and they are that large. Absolutely hardy in United States and Canada. Planted in Fall will bloom next Summer. Don't fail to plant some of these and you'll have no flower or shrub that you will prize more. Effective as a single plant but extremely attractive in a bed or a row. We have in mind a row about 60 ft. long on a lawn along a much traveled street, that excites more favorable comment than any other object for miles. Colors, Red, Pink and White. Any color, 30c; 3 for 75c; per doz., $2.50. Run of colors, per doz., $2.00.

Phlox. Hardy border plants of greatest importance. Their flowering season begins in July and if the bloom spikes are removed the blooming period may be prolonged until Fall. R. P. Struthers, salmon-pink; Bridesmaid, white; Sunset, rose-pink; Sir Edw. Landseer, bright crimson; Champs Elysee, fine dark purple; Isabeu, salmon-pink; Rijnstrom, pink.

Platycodon (Japanese Bell Flower). One of the finest hardy plants. Very showy violet-blue flowers. 1 to 2 ft. high. Each, 25c; 5 for $1.00; doz., $2.25.

Poppies, Oriental and Iceland. Beautiful perennial.

Pyrethrum Hybrida. Hardy Daisy. A group of graceful free-flowering plants that are unequalled for cutting. Colors range from pure white to most brilliant scarlet. Bloom practically all Summer.

Rudbeckia (Golden Glow). Colors range from pure white to most brilliant scarlet. Bloom practically all Summer. Single and Double Mixed.

Sweet William (Dianthus Barbatus). One of the most popular old-fashioned garden plants. Their freedom of blooming, striking color and pleasing fragrance makes them a favorite of all flowers. Fine for cutting. August and September. Scarlet Beauty, White Pearl, Newport Pink.

Tritoma (Red Hot Poker or Flame Flower). A beautiful late-flowering plant, having a handsome reed-like foliage. Flowers are of a rich orange-scarlet color 3 ft. high. Blooms September to November. Each, 25c; 6 for $1.25; doz., $2.00.

Every Lawn Should Have Flowering Crabs

There are many varieties of Flowering Crabs. From all of them we have selected the best three. No other plants, shrubs or trees will give greater returns in colorful flowers, ornamental fruits, and glossy foliage. In white, pink and red. The fruits of each variety persist through the Summer, Fall and Winter. As specimens in the lawn or corners or elsewhere these three claim the admiration of all beholders.

RECHTEL'S DOUBLE. Flowers pink, large, double, fragrant. When in bloom the tree resembles a tree of pink roses. Price, 2 to 3 ft., 75c; 3 to 4 ft., $1.50; 4 to 5 ft., $2.25.

FLORIBUNDA. The flower buds are bright rose-pink opening to white as both buds and flowers are at the same time, the tree shows a cascade of pink and white in beautiful contrast. Price, 2 to 3 ft., $1.00; 3 to 4 ft., $1.50; 4 to 5 ft., $2.00.

ATROSANGUINEA. The whole nation loves red flowers and we will say that whoever sees this tree in its red blossom has seen a sight that he will never forget. Not only are the flowers red but the branches and the tiny apples that follow are red. Price, 2 to 3 ft., $1.00; 3 to 4 ft., $1.50; 4 to 5 ft., $2.00.

A SPECIAL OFFER. One of each—three crabs—2 to 3 ft., $2.50; 3 to 4 ft., $3.50; 4 to 5 ft., $4.50.

Lily of the Valley. This flower is well known and appreciated by all. We sell field-grown clumps that will give immediate effect. Some of the roots can be transplanted in the Fall will bloom next Summer.

Lathyrus (Hardy Sweet Pea). Pink Beauty, red and white, separate.
